Major Components:

Camera, charge coupled device 1; amplifier 2; plate assembly, aperture 1; mirror assembly-camera 1; structure-laser module 1; optical assembly 1; table, positioning, x-v 1; blowers, miniature dc 1; filter, vent, air/emi 2; fliter, colored glass, sharp cut 1; filter, netural-densi type 1; indicator -light housing 1; lam cartridge, short cylinder 1; reflector, end fiber optic 1; splitter, fiber optic 1

End Application:

Lantirn

Component Quantity:

42

Criticality Code Justification:

Feat

Special Features:

Eletro sensitive device; manufactures name: alignment module, laser

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
