Major Components:

Ir diode 1, diode 1, resistor 1, connector 1, electric plug 1

End Application:

P/n 7717769990-029 caged 04939, electro-optical test set for f15i lantrin

Component Quantity:

6

Special Features:

Manufactures suggested name diodeassembly a6

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
