Carrying Case:

Not provided

End Application:

E-3 acft, rdr dome strut ins

Bracket:

Not provided

Focusing Type:

Adjustable

Optical Device Type:

Lens

Objective Aperture Diameter:

8.4 millimeters

Magnification Type:

Fixed

Magnification:

1.0x

Straight Typelength:

7.5 millimeters

Scale Markings:

Not provided

Product Name:

Videoimagescope

Special Features:

Color ccd, real time image; stainless steel braid, ptfe impregnated outer covering; left & right 120n fov; depth of field 5.9 mm to infinity

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T271-a
