Overall Length:

12.000 inches

Overall Height:

0.500 inches

Overall Width:

12.000 inches

End Application:

Mlu-f16 aircraft test set

Special Features:

Centerline to within 0.001 inches, on 0.5 in corners; 144 holes 0.250-20 tapped through on 1.000 inch

Functional Description:

Provides the ideal stable platform for optical experiments and test configurations

Color:

Black

Material:

Aluminum

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
