End Application:

Microscope laboratory model series 110 microstar

Body Tube Position:

Inclined

Body Tube Interchangeability Feature:

Provided

Objective Quantity:

1

Objective Iris Diaphragm:

Provided

Product Name:

Microscope optical inclined has focusable nosepiece

Special Features:

Has focusable nosepiece with low positioned coaxial course and fine adjustments; built in halogen illuminator and transformer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T271-c
