End Application:

F100 aircraft engine

Focusing Type:

Adjustable

Optical Device Type:

Lens

Straight Typelength:

1400.0 millimeters

Product Name:

Flexible borescope

Special Features:

K6mm flexible boroscope, 120deg up or down angulation, depth of field 5-50mm, 60 degrees min field of view, outside diameter 6.3mm (.248"), illuminating fibers, option p on pn indicates polyurethane impregnated steel mesh

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T271-a
