Carrying Case:

Provided

End Application:

F100 engine

Focusing Type:

Adjustable

Field View Coverage:

Field of view shall be between 45 and 60 degrees; depth of field shall be 5mm to infinity

Optical Device Type:

Prism

Product Name:

F100 swing prism borescope

Special Features:

Insertion tube diameter shall be 8mm; length of the insertion tube shall be 430mm; approved sources of supply are everest vit, p/n r8-40-var-50 (cage 052b7) and olympus, p/n r080-043-45sw115-50 (cage 32212)

Special Test Features:

Direction of view shall be a of 45 degrees to a of 115 degrees; scope shall have an orbital scan of 360 degrees

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T271-a
