End Application:

J85 engine

Accessory Components And Quantity:

Detachable light guide required

Usage Design:

To find internal defects

Focusing Type:

Adjustable

Field View Coverage:

Adjustable focus from 5mm-infinity

Optical Device Type:

Lens

Open Drawtubelength:

59.900 inches

Product Name:

Rigid boroscope

Special Features:

50 fov, provides larger images at higher magnification, features, side view, stainless steel, waterproof insertion tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T271-a
