End Application:

C 130 aircraft

Usage Design:

Display surface for opu symbolog (numbers and letters) in operator field of view while amintaining a normal head-up position

Optical Element Quantity:

1

Optical Element Type:

Optical glass window

Criticality Code Justification:

Feat

Product Name:

Assembly, combiner

Special Features:

Hud combiner, optical flat glass, 6 lbs, c130 amp mod, unit integral to c-130 amp mod

Material:

Glass optical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-j
