Battery:

Not included

End Application:

Icp-oes sample instruments

Accessory Components And Quantity:

Rf generator, totally solid state 40mhz free running 1

Design Designation:

Perkin-elmer

Scale Type:

Interchangeable

Wavelength Range:

+165.0/+782.0 millimicrons

Quartz Prism:

Included

Trickle Charger:

Not included

Slit Adjustability:

Adjustable

Product Name:

Optical spectrometer

Special Features:

Optima 5300dv with concentric neblizer and cyclonic spray chamber; silicon based detector consists of over 200 discreet subarrays; 20 and 80 photosensitive pixels per subarray

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T271-d
