Special Features:

Hsubmarine type; 28/90 degrees f temp range, p/o type/model an/bsh-2a, provides 2 resistance changes proportional to /1/ salinity and /2/ temps at depths up to 800 ft /355.2 psi/, for use of amplifier-computer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A508x0
