Overall Width:

8.563 inches

Overall Length:

14.000 inches

Operating Temperature Range:

-20.0/+110.0 degrees fahrenheit

Sensing Element Type:

Bourdon tube

Actuating Medium:

Mercury

Overall Height:

5.625 inches

Material:

Brass

Fsc Application Data:

Thermograph, meteorological instruments

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A27600
