Current Type:

Ac

Ac Voltage Rating:

6.0 volts

Special Features:

2for transmitting rain-fall values; tipping bucket and electrical contact method; 12.000 in.Dia; cylindrical shape; brass outer case; aluminum lacquer finish; 12.156 in.Dia; 37.250 in.H; u.S. Weather bureau; tripod support; accessories; 1 measuring stick

Specification Or Standard:

309/2 drawing number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T206-d
