Overall Length:

8.188 inches

Overall Height:

8.375 inches

Overall Width:

5.313 inches

Component Quantity:

1

Locking Device:

Not included

Component Controlling Agency:

U.S. Army electronics command

Component Name:

Barometer

Component Identifying Number:

MI-102 type no.

Handle Quantity:

1

Handle Location:

Top

Special Features:

Rmeovable inserts for adapting case to carry barometer ml-102-d and ml-102-g; strap w/shoulder pad

Material:

Cotton

Specification Or Standard:

Cy-1059/um type

Fsc Application Data:

Aneroid, meterorological

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
