Overall Length:

44.000 inches

Overall Height:

3.625 inches

Overall Width:

3.750 inches

Component Quantity:

1

Locking Device:

Not included

Component Controlling Agency:

Sig

Component Name:

Barometer

Component Identifying Number:

MI-2 type no.

Material:

Wood

Surface Treatment:

Enamel

Surface Treatment:

Enamel

Fsc Application Data:

Case, barometer, meteorological instrument

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-a
