Special Features:

Tactical air dropable unit; color forest green, film v, mil-e-5-2798; single mode of operation; internal power source (battery powered) ; 120 to 220 vac, 50/60 hz, single phase power 10 pct; operating temp -51 to +68 degrees c; operates at altitude from surface to 15, 000 ft; shelf life 5 years, service life 15 years, 5000 hrs reliability; digital display of cloud height in feet, 0.500 in. High; environment protection from fungus, dust, salt fog, vibration, rain, solar radiation, altitude, ice, wind, lightning, shock; measures clouds from surface to of 3000 ft; transportable

Functional Description:

Provides info on cloud height, cloud layer, visibility, temp, dew point wind speed, direction, character

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

A23800
