

View Online at <https://aerobasegroup.com/nsn/6660-01-172-5442>

Special Features:

3000 vac; dielectric test; 3 standard leads; coils to be 10 ohm (porm .03 ohm) at 25 degrees c; copper element; coefficient of change when temp is 0.00385 per degrees c; molded between layers of glass tape and glass sleeving

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A516n0
