Overall Length:

8.280 inches

Overall Height:

3.850 inches

Overall Width:

6.140 inches

Scale Accuracy:

0.008% of full scale or better

Product Name:

Standard barometer

Environmental Attribute Code:

Barometers & hygrometers - consumer products - non-mercury alternative

Special Features:

Rack or panel mount capable; pressure range 0-45psia, 0.31mpa; accessories include for model745 assembly serialinterface cable, operating manual, ac adapter, digiquartz library cd, laminated menu card, 4 aa batteries; weight 4lbs; 110vac; external power requirements +6 to +25vdc; current consumption 72ma; overpressure 1.2 times full scale; operating temp range 0deg c to +40deg c/32deg to +40deg f

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-a
