Product Name:

Anemometer rotating

Special Features:

Velocity range 50 to 6, 000 ft/min, duct size range 0 to 173.6 ft, volumetric flow rate, temperature range 32 to 140 degree f, instrument temperature, operating 40-113 degrees f, instrument operating condition altitude up to 4000 meters

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T179-c
