Current Type:

Dc

Furnished Items:

Case

Usage Design:

Used to locate metallic land mines

Indicator Type:

Aural

Voltage In Volts And Current Type:

10.0 dc

Product Name:

Detecting set mine aural 10 v dc modular transistorized circuit

Voltage In Volts:

10.0

Special Features:

Modular transistorized circuit

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T132-b
