Electrical Power Source Relationship:

Self-contained

Usage Design:

Field

Component And Quantity:

Ceramatized gas sensing element 1, galvanic oxygen sensor 1, remote sampling kit 1

Specific Usage Design:

Provides continuous monitoring of both combustible gas and oxygen in any environment for a full week

Indicator Type:

Any acceptable

Design Type:

Nontripod mounting

Media Detected:

Explosive gas

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T394-a
