**Detecting Element Type:**

Chemical reaction

**Detecting Element Detachability:**

Detachable

**Criticality Code Justification:**

Feat

**Special Features:**

Hydrocarbons, high class (n-octane, nonane, decane); measurable concentration 100-3000ppm

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T132-a
