Overall Length:

9.000 inches

Overall Height:

2.250 inches

Overall Width:

4.500 inches

Case Material:

Aluminum

Detecting Element Type:

Solid state

Voltage Rating:

8.0 volts

Cable:

Not included

Special Features:

Ac btry charger; leather carrying case; liq crystal display; alarms - audio tone and red light emitting diodes; calibration - below ground/public works; portable

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T132-a
