Overall Length:

3.750 inches

End Application:

Detector-alarm, combustable gas

Detecting Element Type:

Solid state

Detecting Element Detachability:

Detachable

Special Features:

Detects hydrogen gas; replaceable solid-state sensor element; 20 awg three wire insulated cable (18 in. + or - 3 in.)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T132-a
