**Overall Length:**

3.750 inches

**End Application:**

Detector-alarm, combustable gas

**Detecting Element Type:**

Solid state

**Detecting Element Detachability:**

Detachable

**Special Features:**

Detects hydrogen gas; replaceable solid-state sensor element; 20 awg three wire insulated cable (18 in. + or - 3 in.)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T132-a
