Major Components:

3/4inch globe valve 1

End Application:

803-2177525, cage 80064

Special Features:

Stainless steel, hand wheel operated, socket welded; permanent installed instrument, oxygen sensor simulator for zero readout on an oxygen cell

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
