End Application:

Aegis wpn sys; ticonderoga class cg (47)

Usage Design:

Asbestos detection

Product Name:

Macvap acetone vaporizer

Special Features:

Compact travel case, 120 v u.S. Model or 220 v international model; maintains constant temperature; quick warm up time; includes a temperature ready light and a replaceable standard low-temperature 1/2" septa

Functional Description:

Used to quickly and efficiently clear mixed cellulose esterizers according to the niosh 7400 method

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23800
