Personal Dosemeter - Page 1 of 1

Overall Length: 3.300 inches **Overall Height:** 0.800 inches **Overall Width:** 2.500 inches **Product Name:** Dosemeter personal epd-n2

Special Features:

Designed for real-time dose control where neurtons are present; has 2 neutrons and runs more advanced than the epd-n1; provides separate, simulaneous measurements and has programmable alarms for photon and neutron doses and dose rate; applications include: dose control in nulear reactor operation; routine photon dosimetry for personnel working with fissile material; post-accident dosimetry in nuclear installations; power supply is a single aa battery, 1.5v alkaline cell for continuous operation; includes high impact case

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No
