Overall Length:

9.000 inches

Overall Height:

3.000 inches

Overall Width:

7.000 inches

Internal Battery Accommodation:

Included

Indicator Type:

Audio and visual

Detecting Element Type:

Geiger tube

Portability:

Portable

Special Features:

Inspector 1000 digital hand held mca w/3 by 3 in nia probe; 2 alarm levels; pkg includes genie 2000 plus utility software, cable, soft case, battery charger, probe, probe cable, user manual; ergonomic shape; requires 3 hr charge time; op temp m10/p50 degrees c; usb 1.1 interface

Functional Description:

Digital multi channel analyzer for health physics, nuclea

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-b
