**Overall Height:**

18.000 inches

**Overall Width:**

16.000 inches

**Case Material:**

Metal

**End Application:**

Monitor, cbn monoxide model 3800

**Voltage Rating:**

120.0 volts

**Product Name:**

Inavy)monitor, cbn monoxid

**Special Features:**

Depth: 7in; nema 4 enclosure; signal output: sourcing 4-20ma current, 0-10vdc; audible alarm; operating temperature: 0 to 50 degrees celsius; response time: updated reading every 7 seconds; alarm relays: 3 relays at 8amps resistive

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T132-a
