Overall Length:

8.200 inches

Overall Height:

3.200 inches

Overall Width:

3.700 inches

Case Material:

Steel, corrosion resisting and plastic

End Application:

Ds1000 docking station

Detecting Element Type:

Solid state

Product Name:

Inavy)ds1000 inst dock md

Special Features:

4power sourc (runtime): rechargeable ni-cad battery pack(12 hours), replaceable cell alkaline battery pack(13 hours) ; temperature range: -4 to 122 degrees fahrenheit; sensors: combustible gases, carbon dioxide and methane, and oxygen and toxic gases

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T132-a
