**Overall Length:**

8.200 inches

**Overall Height:**

3.200 inches

**Overall Width:**

3.700 inches

**Case Material:**

Steel, corrosion resisting and plastic

**End Application:**

Ds1000 docking station

**Detecting Element Type:**

Solid state

**Product Name:**

Inavy)ds1000 inst dock md

**Special Features:**

4power sourc (runtime): rechargeable ni-cad battery pack(12 hours), replaceable cell alkaline battery pack(13 hours) ; temperature range: -4 to 122 degrees fahrenheit; sensors: combustible gases, carbon dioxide and methane, and oxygen and toxic gases

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T132-a
