**End Application:**

Model pgm-6228

**Product Name:**

Detector gas multirae plus

**Special Features:**

Monitor with pid (photoionization detector) and lel/o2, co, so2, 10.6ev lamp; datalogging; software pkg for windows; drop in battery; universal charger w/international plug kit; calibration adapter; 3 external filters; 3" inlet probe; accessory kit (hard transport case w/precut foam, sampling wand w/15' of polytetrafluoroethylene tubing and tool kit); 3-gas (lel/o2/co) plus isobutylene calibration kit; built-in sample pump can draw up to 100 ft horizontally or vertically; 0-2000ppm measurement of vocs with 0.1ppm resolution

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T132-a
