Usage Design:

Detects gas leaks

Detecting Element Detachability:

Detachable

Product Name:

Leak detector

Special Features:

110 volt rechargeabl3 battery; indicating led light color red detects helium gas; yellow color detects nitrogen, argon and carbon dioxide gases; operating temperature range 0.0 degrees c to 48.0 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-a
