**Usage Design:**

Detects gas leaks

**Detecting Element Detachability:**

Detachable

**Product Name:**

Leak detector

**Special Features:**

110 volt rechargeabl3 battery; indicating led light color red detects helium gas; yellow color detects nitrogen, argon and carbon dioxide gases; operating temperature range 0.0 degrees c to 48.0 degrees c

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T132-a
