Overall Height:

13.750 inches

Overall Width:

3.000 inches

Storage Facility:

Preferred dock level heated warehouse chill

Product Name:

(inavy)pentane, oxygen, nitrogen mixture

Special Features:

Apperance and odor, coloress gas, faint hydrocarbon odor; storage, store in a cool dry, well-ventilated area. Do not exceed 120 degrees fahrenheit

Material:

Aluminum

General Description:

Aluminum 500 psig cylinder; approx. 58 liters at atmospheric pressure; weights 1 pound, 11 ounces

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
