Overall Height:
13.750 inches
Overall Width:
3.000 inches
Storage Facility:
Preferred dock level heated warehouse chill
Product Name:
(inavy)pentane, oxygen, nitrogen mixture
Special Features:
Apperance and odor, coloress gas, faint hydrocarbon odor; storage, store in a cool dry, well-ventilated area. Do not exceed 120 degrees
fahrenheit
Material:
Aluminum
General Description:
Aluminum 500 psig cylinder; approx. 58 liters at atmospheric pressure; weights 1 pound, 11 ounces
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
