Overall Length:

10.000 inches

Overall Height:

15.300 inches

Overall Width:

10.300 inches

Case Material:

Aluminum

Product Name:

Sampler air portable variable speed

Special Features:

Variable speed; internal battery powered; manual flow rate control; battery type: 12 v, 26 a.H., sealed construction, immobilized gel electrolyte; internally mounted 12v, 4 amp out battery charger; automatic ac/dc relay switch; for continuous ac or intermittent dc use; upon order, specify intended filter media type and size; 2 stage brushed blower; approx. Unit weight: 36 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-a
