Case Material:

Plastic

Cable Length:

17.000 inches

Detecting Element Type:

Solid electrolyte

Detecting Element Detachability:

Detachable

Preamplifier:

Not included

Connector:

Included

Cable:

Included

Product Name:

Combustible gas leak detector

Special Features:

Handheld; numeric leak size indicator; 3 levels sensitivity; audio mute; flashing probe led leak indicator; automatic calibration; 4 aa battery power

Functional Description:

Detects compounds: acetylene, methane, ethane (r170), propane (r290), gasoline, iso-butane (r600a), hydrogen, acetone, methanol

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-a
