Case Material:

Aluminum

Detecting Element Detachability:

Detachable

Product Name:

Catalytic combustible gas transmitter

Special Features:

Provides an analog signal. Has 2 straight through ports, conduit entry size is m20. Has 500 ohm and 4-20 ma output. Is explosion proof and is approved by fm/csa/atex/ce/iecex.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-a
