End Application:

Nsn 5180015637474

Usage Design:

Sensor known to have cross-sens. To other gas not target

Product Name:

Electrodechemical sensor module, smart ec, hcn, 60ppm, 4r+

Special Features:

Operating life 2 yr in air; storage temp 32f to 68 (0deg c to 20 c); response time(t90) 200 sec; resolution 1ppm; range 0-50 ppm; electrochemical sensor for (hcn)

Functional Description:

Present spec., cross-sens., & calibrations information

Supplementary Features:

Drift <2% signal/month; cali flow rate 1, 000 cc/min

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-a
