Case Material:

Any acceptable

End Application:

Nsn 5180015637474

Usage Design:

Sensor known to have cross-sens. To other gases also

Detecting Element Type:

Chemical reaction

Product Name:

Electrochemical sensor module, smart ec, s02, 20ppm, 4r plus

Functional Description:

Presents specification, cross-sensitive&calibration info.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-a
