Case Material:

Metal

Detecting Element Type:

Any acceptable

Detecting Element Detachability:

Detachable

Product Name:

Continuous monitor for vocs, inorganic and fixed gases

Special Features:

Wall-mounted nema enclosure; response time less than one second; linear detection range from 0.1 to 3000 ppm; automatic calibration; digital led readout

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T132-a
