Case Material:

Any acceptable

Case Surface Treatment:

Any acceptable

End Application:

Tactical shelter portable, collective protection, cbrn

Radiation Type And Function:

Gamma rays detects and gamma rays measures

Detecting Element Type:

Geiger-mueller tube

Preamplifier:

Not included

Connector:

Included

Cable:

Not included

Case Window:

Not included

Product Name:

Intelligent labr probe with sourceless stabilization

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T132-a
