Overall Length:
4.25 inches
Overall Diameter:
1.00 inches
Case Material:
Metal
End Application:
4120-01-541-4688
Detecting Element Type:
Radio-photoluminescent glass
Detecting Element Detachability:
Integral
Product Name:
Froduct Name.
68257
68257
68257 Special Features:
68257 Special Features: Powered by 2 replaceable photo batteries
68257 Special Features: Powered by 2 replaceable photo batteries Shelf Life:
68257 Special Features: Powered by 2 replaceable photo batteries Shelf Life: N/a
68257 Special Features: Powered by 2 replaceable photo batteries Shelf Life: N/a Unit Of Measure:
68257 Special Features: Powered by 2 replaceable photo batteries Shelf Life: N/a Unit Of Measure:
68257 Special Features: Powered by 2 replaceable photo batteries Shelf Life: N/a Unit Of Measure: Demilitarization:
68257 Special Features: Powered by 2 replaceable photo batteries Shelf Life: N/a Unit Of Measure: Demilitarization: No
