Overall Length:

16.04 inches

Overall Height:

4.2 inches

Overall Width:

7.9 inches

Overall Diameter:

1.92 inches

Case Material:

Steel, corrosion resisting

Voltage Rating:

Between 10.0 volts and 28.0 volts

Cable:

Not included

Product Name:

Fixed photoionization detector for volatile organic comp.

Special Features:

Pwr. 5 w, continuous monitoring, 3 dry contact relays

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T132-a
