Weighing Capacity:

160.0 grains

Magnetic Pan Stirrup:

Not included

Scale Adjustability:

Nonadjustable

Quick Weighing Device:

Not included

Sensitivity Rating:

0.0004 grains

Special Features:

Nain scale, digital, display; used for measuring in the astro chemical lab necessary in rocket motor constructin

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T137-c
