Overall Length:

3.250 inches

Overall Diameter:

3.500 inches

Operating Temperature Range:

+30.0/+130.0 degrees fahrenheit

End Application:

Communications and data systems

Output Voltage Rating:

2.0 millivolts

Mechanical Connection Quantity:

1

Mechanical Connection Size:

Cable thirty foot long, 0.210 in. Diameter nom

Special Features:

Two thousand lb cap.

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503e0
