**Operating Temperature Range:**

-30.0/+130.0 degrees fahrenheit

**End Application:**

Assembly, cross deck winch left hand, p/n amd-1379l aboard 225 ft wlb coast guard vessels

**Special Features:**

Capaci type 0-6250 pounds tension or compression range; overload 150% of capacity without damage, 300% without failure; electric connection potted cable 6 ft long; output 4-20 mamp; excitation 18-28 volts dc; end connection female thread 1-14 uns; protection nema 4x

**Material:**

Stainless steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A503e0
