Operating Temperature Range:

-72.0/+212.0 degrees celsius

Output Voltage Rating:

30.0 volts

External Dc Operating Voltage In Volts:

30.0 single voltage

External Ac Operating Voltage In Volts:

30.0 single voltage

Product Name:

Cable extension position transducer

Special Features:

0 to 5 in stroke range; 3g acceleration; 40awg shielded multiconductor 0.200 in; w.Strain relief; measures pitch

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A503e0
